PLAYSCAPE
GREAT SHELFORD

Rejuvenating the rec into the true beating heart of the community, a space to encourage everyone to play more outside. Erect Architecture has listened to you and is designing a unique, inspiring, and playful landscape, for everyone to enjoy.

GETTING INVOLVED

Do you live or work in Great Shelford? Are you a parent, grandparent or park user? Do you care about the quality of our outdoor space and play provision? If so... Great Shelford Playscape needs YOU!

Join us for an action-packed afternoon of inflatables, water, and fierce competition as Shelford's finest battle it out to lift the It's a Knockout trophy – and in the process help to build a lasting legacy for our village. We're looking for enthusiastic team leaders to organise teams of min 6 people (max 10). You might represent a local company, sports club or other local organisation. It might simply be a group of friends. We're asking all participants to raise a minimum of £100 each, but challenge you to raise more! If twenty teams each raise £2000, we could raise 20% of our target through this one event.

Corporate Sponsorship

For anyone working it's always worth asking what your company's charity policy is – they may well pay your entrance fee and/or match any funds you raise. There will also be promotional opportunities for local companies willing to sponsor the event.

Prizes for the winning team and top fundraiser will be up for grabs!

HOW TO REGISTER

Visit www.shelfordplayscape.org/events today to fill in your team's contact details and we will get in touch with further instructions upon registration.

There will be a £20 registration fee per person, payable in advance of the event and all entrants must be over 16.

Any queries please email Jenny at events@shelfordplayscape.org

GREAT SHELFORD PLAYSCAPE

Great Shelford Playscape is a charity set up by local volunteers to transform the village recreation ground into an outdoor space that benefits *all* ages, abilities and users.

What started as a quest to improve the lacklustre village playground has grown into a significant project that will generate a master plan for the whole area, from car park to river, to make the rec work harder for everyone. The landscape-designed, inclusive scheme will include new play equipment, planting, riverside walks, and better "wheels" provision (think bikes and scooters), whilst also establishing a structure that improves access and storage and makes the rec feel cherished for what it really is – a precious outdoor resource in the heart of our village.

This is a big vision and a significant sum will be needed to transform the space. We will publish regular updates detailing the different phases and costs as they become known. At this stage we estimate the extensive new play provision will cost in the region of £200,000. We aim to raise half of this through grants and the rest through local sponsors, donations and events.
